

Wadsworth, Jan 4th 1872

Dear Sister

I have fixed up your papers and sent them yesterday mailed to Kalamazoo. Whatever my share in the property or any other property that I may fall heir to I freely give over to you - I have got enough to work with and if I dont make a comfortable competence I ought not to have anything.

We have been having great rains - this is the first pleasant one for two weeks.

I hope you will succeed in your undertakings - Give my love to all. I will send your address a childs paper.

Yours as ever Frank Campbell
