My dearest:

Yours of Nov. 29 was here when I returned, which was about an hour ago, also one from Ben. Ben said he has written you several times, but has had not a word from you, he said Bill & Neva were there, but did not know how long they would be there.

I didn't stop there, at Palisade on my way here, passed in the night on the Flyer & it did not stop, but am going to see them before long. If I can rustle about \$15,000.00. I see where I can make \$100,000 & 1000 acres of land, Oh! its such a chance, I say make \$100,000 & the land valued, thats allowing \$100,000 for 2 yrs. exp. too. I do hope I can get it, not much chance.

Haven't decided what to do next, not much to look any more, no money to carry out plans when I do find good things.

I could make money buying steers they are very low & can get fine pasture for .25 cents per head per mo., an afful sinch.

I wrote, last night, to John Henderson, don't expect to do any good, but might.

I am going to try every thing & every body till I strike a live one, think I will go up & see Linderburg on the lend & also cattle proposition.

Ma went to City to-day, will be back to night, now 5:30 P.M. I got here about 4 P.M.

No more this time, same old story

All ways yours only

Paul
