My only dearest,

I have been out Hayfork way - looks pretty bum to me, a man having 300 acres thinks it a big ranch; that part is all right, but its high cold & long winters, have to feed stock four mo. & range looks bad -

Just came back & will stay stop off & see Mr. Diggs, is now 5 P.M.

Nothing to write yet -

Will write often but don't expect much while I am looking. Yours

Paul
