

Lick House

City,

Mar 28, 1905 - Tuesday eve

My dear,

Bill and I just came down from Ma's. I left Paula there, she is going to sleep with Ma, & Pa sleep of bed couch, so Ma said for me to hunt a place she was very much pleased to have paula & see Ting. Says Mary will be tickled to pieces with Ting.

Louis was down to meet up at ferry, but missed us & saw Bill with his grip get off same car. Lou took up town & called Bill, Bob, Paula & I took Cal.St. car to go up to Ma's. then Lou & Bill went on up.

Louis has parties taking hold of his mine, they are to pay him back all the money he is out, about \$3000.00 tomorrow, then carry him for 1/8 int. Louis is to put up nothing more, so look good all to win.

Bill & I stopped at Palace to see Tom, but he was not in. Will see him the first thing in the morning.

Paula was fine, coming down, the bay was quite rough & got a little sick, Bill took her out side, he carried her off the boat while they were mooring off she said " a person does feel a little shakey after being sea sick, don't they"?

This is some of Bill's fancy writing paper, the boy is after some house paper.

Nothing to say, more, now, so good night dearest, with lots of love

Yours

Paul
