My dearest,

I have been looking around here yesterday and today.

Think I will go to Goldfield to-morrow and Columbia its 1 1/2 miles from Goldfield there is a big country here and will take a good while go over it properly.

I have had two other propositions offered me and it will take quite a while to go over them and decide which is the best one to take hold of.

Write me to Goldfields, as I am sure I will be there for some time.

Have nothing to write yet, but will write all the developements

As ever, all ways yours

Paul
