My dearest

I am still here, but am going to Goldfield tomorrow.

Have been looking around here some, have found out lots& will take a good while yet to look at them all.

Don't be uneasy, I am digging hard, am going to strike something before I quit it takes all this winter.

I wish you were with me now and hear the bull con I am getting.

I am lonesome for you anyway. Write me here as I will be back here from Goldfields, then go to Cowitch, maybe or Jefferson Canyon, are both 80 miles may go to Bull Frog.

Louis not here, nor no word. Stanley was here, came in the night I got here, got full, had a fight & left the next day for Goldfields, did not see him, went to Goldfield the day, has been working for the Graham Bros. from Angel's.

Nothing more this time

Lots of love to all

Lovingly yours

Paul
