My dearest:

Am going to city to-day. Guess I will find a letter from you at Palo Alto, will be there for Thanksgiving dinner. Have not heard yet about ranch, hope I can get it so we can live here, will be fine such good schools & etc. Mrs. Diggs is very anxious that we come here, but if I do take the ranch I want, I won't decide on the house here, you can come yourself, there are several nice homes one can buy for about \$3500.00, but I won't try to decide on one, you can be the judge of that part.

Mrs. Diggs says you can come & stay with them & see all the the different places & she will help you, their family is quite small, the two older boys are gone, only Mr. & Mrs. Diggs & Ashby, so they have all kinds of room & are anxious to have us stay with them as long as we can, so you will be comfortable till you decide where you want to locate. How do you the idea of living in Woodland?

There is nothing to write more, so will stop with this little, it sounds good to me as far as it goes.

Love to all

All ways yours

Paul
